Advice and information on how to support your COPD

We are writing to all Powys individuals with a diagnosis of COPD, to ensure that you are aware of the range of advice and information available to help you manage your condition. You may already know about some of these resources and we would recommend that you take some time to see if they can help you.

NHS Wales COPDhub

A free app is available for individuals across Wales and has been developed by clinical experts in COPD, with the help of patients, to enable you to stay well. The NHS Wales COPDhub app lets you:

- keep track of your symptoms and test results
- watch videos delivered by experts in Wales
- get helpful advice if your symptoms change or get worse

Some of you may be concerned that you have not had your annual COPD check at your GP practice. This check is built into the NHS Wales COPDhub app, so that you can complete this in your own time and the app will give you advice if there is anything that you need to do.

I lawrlwytho'r ap, sganiwch y cod isod:

Pulmonary rehabilitation

This is a six-week programme that includes advice and information about your condition, as well as guided activities to help you achieve your best level of fitness.

There is the opportunity to ask questions, learn from other people who have similar symptoms to you and find out just how much you can actually do.

Other people who have already completed the programme report feeling more confident, being able to get out and about more, and knowing what to do if their symptoms get worse.

I have been told I look younger since the virtual pulmonary rehab group, I have lost a few lb's, am more active and no longer feel scared

Ar hyn o bryd, mae ein rhaglennu adsefydlu pwlmonaidd yn cael eu darparu ar-lein er mwyn i chi gael mynediad o'ch cartref. Os nad oes gennych fynediad at gyfrifiadur neu llechen clyfar, yna gallwn eich cefnogi i fenthyg un a gallwn hefyd drefnu i rywun eich helpu i ddysgu sut i gael mynediad i'r rhaglen ar-lein.

Os oes gennych ddiddordeb mewn adsefydlu pwlmonaidd, hyd yn oed os ydych wedi cael mynediad i'r rhaglen yn barod ac ag awydd ymuno â'r grŵp eto, cysylltwch â Joanne Allen, Arweinydd Clinigol Anadolol BIAP, ar 07791 334079 - efallai y bydd angen i chi adael neges a bydd Jo yn cysylltu â chi cyn gynted ag y gall.

Mae sawl peth arall gallwch wneud y gaeaf hwn i gadw'n ddiogel. Cofiwch gael eich brechlyn atgyfnerthu COVID-19 a'r brechlyn ffliw. Cofiwch hefyd bod cadw pellter cymdeithasol a pharhau i wisgo gorchudd wyneb yn helpu diogelu chi, nid yn unig o COVID-19, ond o firysau anadolol eraill a'r ffliw.

Yr eiddoch yn gywir,

Tîm Anadlu Cymunedol Bwrdd Iechyd Addysgu Powys

At the moment, our pulmonary rehabilitation programmes are delivered online so you can access them from the comfort of your own home. If you don't have access to a computer or tablet, then we can support you to be loaned one and we can also arrange for someone to help you learn how to access the online programme.

If you would be interested in pulmonary rehabilitation, even if you have already accessed the programme before and would like to join a group again, please contact Joanne Allen, PTHB Respiratory Clinical Lead, on 07791 334079 – you may need to leave a voicemail and Jo will get back to you as soon as she can.

There are several other things you can do this winter to keep yourself safe. Don't forget the importance of getting your COVID-19 vaccine booster and your flu jab. Please also remember that social distancing and continuing to wear a face mask will help to protect you, from not only COVID-19, but also other respiratory viruses and flu.

Yours sincerely,

The Powys Teaching Health Board
